

Retailers Elect Harold Wentz Vice President; Sales Clinic Will Be Held Here Next Month

Gettysburg's newly organized Retail Merchants' association, holding its second meeting Tuesday evening at the court house, voted to hold a sales clinic in connection with its April meeting, named Harold W. Wentz as a vice president, and voted to urge improvement of the Jack's Mountain road from Fairfield to Pottsville.

The sales clinic, which probably will be held two nights, will be for the merchants and their clerks and will feature motion pictures and talks by specialists on making change, development of displays, methods of selling and salesmanship. John D. Lippy, Jr., is to arrange for the clinic.

Harold Wentz was named a vice president to succeed Benn Cohn, who was elected second vice president. Mr. Cohn withdrew after his election because his residence is in Hanover and he felt that the officers of the Gettysburg group should reside here. Charles B. Bender, president of the association added that "we will still have Mr. Cohn's support and he will help us a lot as a result of his experience in Hanover where the merchants have developed many successful promotions."

Seek Better Road
The vote to urge blacktopping of the old Jack's Mountain road came after William Musser reported that the Fairfield Chamber of Commerce is also seeking to have the state improve the present "stabilized" road over the top of Jack's Mountain. The road, Musser said, "leads directly to the Beard Lot where the new government project is being placed. About 5,000 persons will be moving into our territory. They have now a straight road to Waynesboro, but to get here they have to go to Zora and then turn off to Fairfield. If a good road went straight over Jack's mountain to Fairfield and thence to Gettysburg more to those people would come to Gettysburg."

Operation of Credit Bureaus at Harrisburg and York were outlined by William Musser and Malcolm Miller of the Chamber of Commerce committee.

86 Merchants Present
Musser said that officers of the Harrisburg and York credit bureaus offered to help establish a bureau here. "With a retail credit bureau," he said, "one of us might lose money on a customer, but the rest of us would not. At present many of us have the same people on our books and we will all lose. The cost of the credit bureau would probably be covered by the money you would save by knowing enough not to take one bad credit risk."

The 86 members were directed to cast a written vote on whether to establish a bureau here.

Carl A. Baum was named chairman with Mares Sherman and Curtis Flohr members of a committee to determine rules of procedure for the new organization.

President Bender reported that "following our discussion, at the last meeting, of the selling of magazine subscriptions on the street, a group appeared in town and began selling on the streets. We notified the police."

FASHION SHOW FRIDAY EVENING

Delta Gamma will present the annual spring fashion show for the benefit of its aid to the Blind project Friday evening at 8 o'clock in the SCA auditorium.

"Spring Silhouettes" will feature fashions from the Helen Kaye shop and the spring styles will be modeled by the Delta Gammass. Phyllis Tittle will be narrator for the show.

Models will include Carol Fuhrer, Joyce Grosser, Lois Kerstetter, Virginia Saul, Sue Hunsberger and Alice Carr, Noel Parker, Barbara Franke, Virginia Cole, Patricia Emlet, Bertha DeMoch, Cynthia Shearer and Lynn Rumbaugh will also model.

Refreshments will be served at the fashion preview. Price of the tickets is 35 cents and they may be purchased at the door or from any Delta Gamma member. The public is invited to attend this preview of spring and summer styles.

Two More Countians Sent To Great Lakes

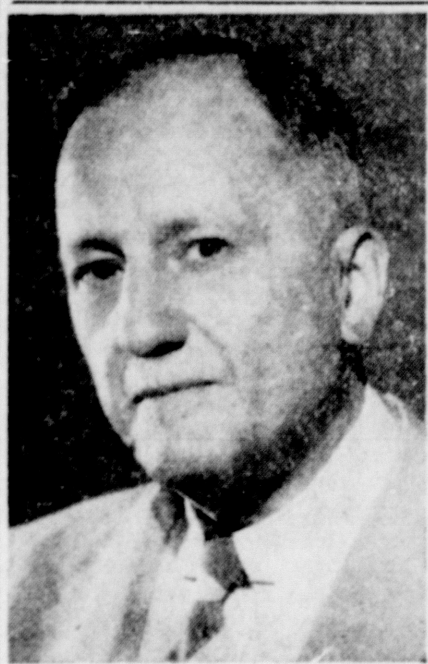

Two more Adams countians are undergoing recruit training at the world's largest naval training center, at Great Lakes, Ill. They are Edward J. Reese, son of Mr. and Mrs. Edward Reese, 21 Second street, McSherrystown, and Gene A. Hankey, son of Mr. and Mrs. Luther Hankey, 154 Lumber street, Littlestown. Upon completion of their recruit training they will be assigned either to units of the fleet or to a service school for specialized training.

Speaks Tonight

Charles W. Crist, field secretary of Pennsylvania for the American Leprosy Missions, Inc., will be the speaker this evening at 7:30 o'clock at the Methodist church. He will discuss the work being done in 140 leprosy colonies, hospitals and clinics in 29 countries. The address is open to the public.

E. J. FARRELL, 76, FORMER ROAD BUILDER, DIES

Edward Joseph Farrell, 76, a former resident of Gettysburg, died this morning at his home near West Chester of the effects of a stroke suffered Tuesday night.

A native of West Chester, he moved here with his family many years ago and operated a quarry along Rock creek east of town, and was a contractor and road builder for many years. He constructed many of the avenues on the battlefield and during the days of the Civil War. He was active in a number of local organizations including the Knights of Columbus and was well known throughout this section. He moved to West Chester seven years ago. Among the survivors are his wife, Mrs. Joan Farrell, West Chester; a son, Timothy E. Farrell, Gettysburg R. 4, and four grandchildren.

Funeral arrangements are incomplete.

AID CLASS FOR MEN

A first aid class for men will be presented by the Adams county Red Cross chapter at the Manufacturers' Light and Heat office, York street, starting April 4 at 7:30 p.m. Miss Reida Longenecker announced today. The class will be open to all men interested in the instruction.

SEMINARIANS, LADIES, GUESTS AT SCHOOL FETE

Members of the faculty of the Gettysburg Lutheran theological seminary and their wives presented a "house-warming" party Tuesday evening for the students of the seminary and their ladies in the new social room of the administration building. The room is attractively furnished with chairs, divans, a grand piano, tables, table lamps and colorful draperies. It also has a kitchenette. Mrs. A. R. Wentz was chairman of the committee which supervised the decoration and furnishing of the room.

The "Old Dorm" at the school once housed all of the functions at the seminary, Doctor Wentz said. In 1895 the administration building was erected. When the Church of the Abiding Presence was built the old chapel in the administration building was converted into a classroom. When the new library was built, the old quarters were converted into the present social room.

Ernest F. Ogden Funeral Held Today
Funeral services for Ernest F. Ogden, 56, who died at his home in Bendersville Sunday morning of a cerebral hemorrhage, were held this afternoon at 2 o'clock from the Dugan funeral home, Bendersville, with the Rev. Dr. O. D. Coble officiating. Interment in the Bendersville cemetery.

The pallbearers were: Parker Kuntz, Ivan Taylor, Lloyd Garretson, Donald Garretson, Harry Leisew and Lloyd Orner.

FACE CODE CHARGE

Two more truck drivers have been charged by state police of the Gettysburg substitution with carrying loads in excess of the legal limits, provided in the state motor code. They are: Glenn B. Stern, Roaring Spring, Pa., and Robert F. Emig, New Oxford. Both were charged before Justice of the Peace John H. Baschore with 10 per cent overloads. Ten-day notices have been sent.

PRESIDENT OF STATE WOMEN'S CLUBS SPEAKS IN LITTLESTOWN

Dr. Carrie Jones Schaal of Erie, president of the Pennsylvania Federation of Women's Clubs, was the principal speaker at the annual spring meeting of the Adams County Federation of Women's Clubs, Tuesday evening in the social hall of Redeemer's Evangelical and Reformed church, Littlestown, with the hostesses group. A ham dinner was served to the 60 persons present, including delegations from the Gettysburg and Chambersburg clubs, the latter of the Franklin county federation.

Dr. Schaal stated: "The individual members of each club are the important part of the state federation." She told her audience that there are 78,000 women in the Pennsylvania federation, with only one state exceeding it in membership. That is Illinois with 84,000 members. Forty-four states have 25,000 members or less and 17 have less than 5,000 members. The international organization is comprised of eleven million women representing thirty-eight countries, and only recently thirty-five Japanese women have joined the international federation.

The speaker answered the question: "How can we stimulate greater participation, which is necessary to add to the strength of the organization?" She cited some state projects.

FILES SUIT FOR DAMAGES AFTER FLOOR CAVES IN

Charles E. Rabenstine, 222 South Queen street, Littlestown, has brought suit against the Windsor Shoe company, of Littlestown, and Cora Heltbride, East King street, Littlestown, because the second floor of a garage fell on his car.

The complaint, in an action in trespass filed for Rabenstine with Prothonotary Wayne K. Shields by the law firm of Bullett and Bullett for the countian asks damages to his car suffered when the second floor of Mrs. Heltbride's garage, which was used as a storage space by Windsor Shoe, collapsed and fell on the vehicle.

Rabenstine claims that he rented the first floor of the structure as a garage for his car. On October 22, 1949, he says, the Windsor Shoe company "overloaded" the second floor, which is rented from Mrs. Heltbride to store shoe lasts. Rabenstine claims both Mrs. Heltbride and the Windsor Shoe company should have known that the second story floor could not support the load.

Shrine Club Will Entertain Ladies

The annual spring Ladies' Night of the Adams County Shrine club will be held at the Hotel Gettysburg Thursday evening at 8:30 o'clock. Music for dancing will be furnished by Gibbons' orchestra of York and there will be cards and a buffet supper. Approximately 200 are expected, including guests from York, Franklin and Dauphin counties.

Motor Club Renders Valuable Aid To Many Throughout Year

Eighty-five motorists whose cars had punctures or blowouts called for help from the Gettysburg Motor club's AAA-affiliated garages and service stations for assistance in getting them on their way again, the motor club's report for 1950 shows.

Tire troubles headed the list of calls for assistance last year, Miss Helen Spangler, secretary of the Gettysburg Motor club said. This assistance was provided for not only members of the Gettysburg club, but for all motorists who were members of the American Automobile association and its thousands of clubs from coast to coast.

Twenty-six cars suffered from battery trouble and 26 others refused to start, from this and other causes.

Other Difficulties

Listed in the year's report of motoring difficulties which beset AAA members were the following: Tires, 85; towing, 83; starting, 26; battery failure, 26; ignition trouble, 19; oil line trouble one; carburetor trouble, five; out of gasoline, four; gas line failure, one; fuel pump failure, two; electrical trouble, three; miscellaneous, three.

The report lists "motor trouble" generally as the reason for five calls

Sheds To Talk On County Copper Mines

Jacob M. Sheds, professor of history at Gettysburg high school and past president of the county Historical society, will speak on "Copper and Iron Mines in Adams County" on the program, "Pages from History" this evening at 6:45 o'clock over WGET.

Thursday evening, at the same time, over the local station, he will have as his topic, "Wanted: A Twentieth Century Edition of the History of Adams County."

BETA SIGMA PHI OFFICERS ARE NAMED TUESDAY

Miss Margaret Spangler was elected president of the Epsilon Delta chapter of Beta Sigma Phi sorority Tuesday evening at its regular meeting held in the sorority house on East High street. She will succeed Mrs. Donald Sheely.

Mrs. Jane DeWolf was named first vice president; Mrs. Marjorie Foster, second vice president; Miss Helen Spangler, corresponding secretary; Mrs. Jacqueline Little, treasurer; and Miss Mary Lou Kranis, extension officer. The new officers will be installed next month.

Banquet On Thursday

Plans for the banquet to be held Thursday evening at 7 o'clock at the Cross Keys hotel were outlined. The session will be a combined meeting with the Gamma Rho chapter of Hanover. At the dinner the Ritual of Jewels will be exemplified to pledge members and the Exemplar degree will be given for charter members of the chapter. The ritualistic work will be conducted by the Hanover chapter.

Details of a district convention to be held at Harrisburg, May 26 and 27 were outlined.

The president, Mrs. Sheely, appointed an auditing committee comprising Mrs. Elaine Garfinkle, Mrs. Jacqueline Little and Mrs. Grace Gilbert.

The cultural program was presented following the business meeting by Mrs. Jane DeWolf.

SEEKS HEAVIER FINES

Legislation designed to assess heavier fines upon those who violate the Sunday movie law the second and third times has been introduced in the state Senate by Senator George N. Wade. Under the Wade bill the \$50 fine will be retained for a first offense, increasing to \$100 for second offense and skyrocketing to \$500 for third offenses.

for aid. Four motorists had to call for help from AAA garages when they locked the keys to their cars inside the cars. Three cars had to be lifted out of ditches and eight from muddy immobility. Six other cars required the services of cranes. While battery failure was not the main complaint here, in the nation it led all other, with 10,830,000 automobiles stalled and requiring AAA aid to get started. Tire trouble, the second big cause of breakdowns, resulted in 10,054,000 in the nation.

Breakdown Peak
Breakdowns on the road last year reached an all-time high, with American motorists calling for repairs and emergency road service 25 per cent more times than in 1949, according to the three-A.

The AAA estimated that the increase in battery failure was probably due to the fact that more gauges electrically operated are being used on newer cars.

About 1,525,000 absent-minded motorists found themselves out of gas on the highways last year and another 722,000 either mislaid their keys or locked themselves out. Ignition trouble accounted for 3,918,000 calls, carburetor trouble for 2,523,000 and 2,210,000 motorists got stuck in the mud, sand or snow.

OFFICERS OF EXCHANGE CLUB ARE INSTALLED

Representatives of Exchange clubs in York and Hanover joined Tuesday night with the Exchange club of Gettysburg in celebrating the latter's first anniversary. The birthday "party" was also Ladies' Night and was marked by the installation of officers. It was held at Lincoln Logs hotel, Lincolnway East.

Paul Aumen, president of the Hanover club, was the installing officer, and installed the following: President, David E. Garfinkle, Jr.; vice president, E. Donald Scott; secretary, John J. Slentz; treasurer, Carl E. Prosser; members of the board of control, John Codori, Nelson Groft, Jay Bringham, Ernest Simpson, Irvin Weigandt, and Carleton H. Poole.

Glenn Guise, first president of the club, who has served since its organization, presided until after the installation, when he turned the gavel over to the new president.

Dr. Frey Speaks

The principal speaker was Dr. J. William Frey, professor of German and Russian at Franklin and Marshall college, Lancaster, who talked on "The Pennsylvania Dutch," and their origin, language and customs. "No other language on earth is so flexible and 'down to earth' as that spoken by the Pennsylvania Dutch," the speaker declared. He traced these Pennsylvanians from their arrival on the Concord, which he said was the "Mayflower" of the Pennsylvania Dutch, their settlement in Germantown and their development.

Other Speakers

"The Pennsylvania Dutch culture is not a European culture, as some have said," Dr. Frey asserted. "The Pennsylvania Dutch themselves are made up of Dutch, Swiss, Scotch-Irish, Welsh and other races. Their language is an outward expression of their inward feeling for freedom. Thriftiness, frugality, steadfastness, faith in God and agrarianism are all a part of the Pennsylvania Dutch."

Dr. Frey illustrated the adaptability of the Pennsylvania Dutch.

URGES YOUTHS TO JOIN ARMY RESERVE UNITS

"The best break an 18-year-old can give himself is to join the army reserve," Major Charles C. Cherry, Carlisle, unit instructor for the reserve in this section, told the members of Company A, 313th Infantry at the regular meeting of the local reserve company held Tuesday evening at the American Legion home here.

"The 18-year-old, if he is in good health, can count on undergoing military training," Major Cherry said. "He is subject to the draft and he will be called through the draft. Yet the army provides an alternative for those who are qualified and that is the army reserve program."

"Men who wait for the draft are called into camp as recruits and undergo up to 20 months training. Those who join groups, such as Company A of the reserve, train at home and since these army reserve units are cadre companies, the man who would be but a private through the draft would, under the reserve program, if called to active duty, be a corporal or sergeant."

Mutual Advantages

"It is to the advantage of both the potential draftee and to the army to have such units as Company A. You men receive training as instructors. You are a cadre around which a company can be built in a hurry. You receive your training here at home, and thus the army has a reserve in addition to those who are training in army camps. It is to the advantage of both the army and to you — but mostly it is to the advantage of the young man who will be subject to draft call."

Major Cherry said that the local company could accept 16 more men to fill its ranks to its newly authorized strength.

Major Harry Uhrich, Lebanon, commander of the first battalion of the 313th, attended the meeting and spoke briefly on the organization of the battalion. Lt. Lt. E. Jerome Alexis was in charge of instruction on map reading.

The next meeting of the company will be held next Tuesday evening at 8:15 o'clock on the third floor of the Albert J. Lentz American Legion past, Baltimore street.

FFA TO BROADCAST

"The Place of the Future Farmers of America in the Present World Emergency" will be discussed by the Fairfield FFA chapter Thursday afternoon over WGET at 12:30 o'clock. Advisor Harry Miller said students taking part in the program will include Fred Sanders, Ira Carson, Eugene Harbaugh, Charles Deardorff, William Harbaugh and Richard Sorenson.

Stallsmiths Mark 50th Anniversary

Mr. and Mrs. Charles E. Stallsmith, 314 North Stratton street, quietly observed their golden wedding anniversary today at their home. Mr. Stallsmith and the former Anna May Cassat were married March 28, 1901, at the Lutheran parsonage in Arendtsville by the late Rev. Dr. David T. Koser.

Mr. Stallsmith is a retired carpenter with 52 years of experience. He learned the carpenter trade with John Sachs of Hunterstown in 1888 and in 1899 went to York. He worked there for three years and then moved to Granite Hill. In 1912, he moved to Gettysburg and in 1919 went to work in the planing mill of E. F. Strausbaugh where he continued for 24 years. Then he worked three and a half years for Barton Foth's Adams Novelty company.

Both Mr. and Mrs. Stallsmith enjoy good health. Mrs. Stallsmith is 76 years of age and her husband is 75.

FRED SPERTZEL IS KILLED IN ACTION IN KOREA

Pfc. Fred Francis Spertzel, 18, son of Charles W. Spertzel, Huntingtown, Pa., was killed in action in Korea on March 12, according to a telegram received Monday by the dad's father from Maj. Gen. Edward F. Wiseloff, adjutant general of the army.

Pfc. Spertzel enlisted in the army on March 22, 1950, when he was a student at York Springs high school. Following his enlistment he was stationed for a time at Ft. Dix, N. J. He went to Korea last September and was attached to the Fifth Infantry Regiment of the 24th Division when he was killed.

He was born in Huntingtown township, a son of Charles W. Spertzel and the late Esther Fickel Spertzel.

In addition to his father he is survived by four brothers, Boyd, Paul, George Ernest and Howard, all of Gardners R. D., and two sisters, Mrs. Ruth Henry and Mrs. Helen Bream, also of Gardners R. D.

Lions' Singers To Rehearse Nightly

J. Howard Gaines, director of the Gettysburg Lions club chorus who will appear as blackface singers in the club's charity benefit show here April 9, 10 and 11, announced today that the group will rehearse each evening this week, including Saturday, at the Reformed church at 9 o'clock. Next week rehearsals will be moved to the high school building.

Mr. Gaines said it is important for all 25 singers and the endmen and interactor to be on hand for the daily rehearsals.

"Tickets for the show, 'Now and Then' are on sale by the Lions club members. Reserve seat charts are at the Shetter House."

WAR BRIDE IS CLUB SPEAKER

The monthly dinner meeting of the Soroptimist club will be held Tuesday evening at the Cross Keys hotel, with Mrs. Joseph Catchings, an Italian war bride, entertaining with several Italian songs. She was accompanied by Mrs. Russell Gilbert. Both are Biglerville residents.

The guests were introduced by Mrs. Frederic E. Griest, Flora Dale, who was toastmistress and chairman of the dinner committee. Mrs. Elizabeth Hennig, York street, club president, read an invitation from the Hanover Soroptimist club to attend its 11th birthday celebration on April 26 in Hanover. A brief discussion was held relative to attendance at the regional conference in Allentown in April.

Mrs. Blaine G. Walter, Biglerville, a member of the dinner committee, gave the invocation. Eighteen members attended. Assisting Mrs. Griest and Mrs. Walter were Miss Dorothy Foth, Gettysburg, and Mrs. Wilmer E. Bream, Biglerville R. D.

BULLETINS

Berlin, March 28 (AP)—East German Communist police opened fire today on American tourists in downtown Berlin. U.S. authorities demanded an immediate audience with the Russians for an explanation.

The Communist police fired 12 pistol shots at four buses carrying American Army and civilian personnel on the regular Wednesday tour of Berlin sponsored by the Army's special services.

Kansas City, March 28 (AP)—James J. Carroll, St. Louis betting commissioner was charged today with failure to report payments totaling \$56,688.15 that he made in 1948.

Big U.S. Guns Pounding Reds Massed Along 38th Parallel

Tokyo, March 28 (AP)—American artillery firing from mud-mired positions today pounded Communist forces massed along the 38th Parallel in Central Korea.

Field dispatches said the Reds were digging in south of the border on both the western and central fronts.

Along the east coast, South Korean troops moved more than six miles north of 38. They occupied four North Korean towns and a border village.

But the focus of battle was on the central front, where 90,000 Communist were reported in defensive positions south and north of the border.

Probe For Targets

Allied infantry patrols advanced through pelted rain seeking targets. When they met Communist fire they retreated to let the artillery lay down a roaring barrage. Allied warplanes dove out of the overcast and hammered the Reds with jelled gasoline, bombs and machine gun fire.

The Allies were pushing a scorched earth policy in reverse: Mercilessly pounding the ground they hope to take if the Reds withdraw.

They also hoped to thwart any Communist plans for a counter-offensive. If the Reds are building up for a new drive they probably will start it during this rainy season.

The rains were a serious handicap for the United Nations forces. They slowed the air attack and bogged down the ponderous armored forces.

Stop Allied Attack

Northeast of Seoul, a Chinese regiment stubbornly stood off an Allied attack with a wall of mortar and small arms fire. Air observers reported Red forces ranging up to battalion size all along 38 in this area. They seemed determined to hold a jagged line overlooking a valley north of Uijongbu.

An American patrol probed into Change, seven miles south of 38. Evening fire halted the doughboys north of the town.

Puerto Rican troops smashed a Red ammunition dump northeast of Uijongbu.

Fighter-bombers of three nations swept out of the rain to add their bombs, rockets and machine gun fire to the blazing attack. American, Australian and South African pilots joined in pounding the Communist positions.

Smash Red Dump

On the western front, tough Puerto Rican troops smashed a Red ammunition dump northeast of Uijongbu. Americans north of Uijongbu Tuesday night beat off a minor attack.

American patrols entered Change, northeast of Uijongbu, and then withdrew. Artillery was called down to break up a Communist attack east of the Change road.

The South Korean drive across 38 apparently was more important politically than militarily. In Washington, Secretary of Defense George Marshall said General MacArthur had been instructed to cross when necessary to protect his forces. The South Koreans may have acted on their own initiative.

In addition to Yangyang, the ROKS captured Yopyong, Chonggok, Yungpo and the border village of Sorin.

President Of France In U.S.

New York, March 28 (AP)—Harbor craft whistled greetings and fire boats shot streams of water into the air today as the Ile de France bearing the President of France steamed up New York harbor.

The typical New York harbor welcome began as the giant French liner passed the battery at 9:45 a.m.

A welcoming party had boarded the ship at quarantine to greet President Vincent Auriol, first chief executive ever to visit the United States. He is accompanied by his wife and a large official party.

The group left for Washington by train at 12:30 p.m. where they will visit President and Mrs. Truman at Blair House.

CUB PACK MEETING

Cub Pack 79 will hold its monthly meeting this evening at 7:30 o'clock at St. James Lutheran church. In addition to the regular meeting, two reels of motion pictures will be shown. The public is invited to attend.

FAMILY DINNER HELD

An Easter Sunday dinner was held at the home of Mr. and Mrs. Isaac Kuykendall, Gettysburg R. 3, for their children, grandchildren and great-grandchildren.

SMALL YELLOW OBJECTS SPARK RESCUE HOPES

London, March 28 (AP) — Rescue aircraft searching the Atlantic for a U. S. air force transport plane missing with 53 persons aboard have sighted "a number of small yellow objects" some 600 miles southwest of Ireland, Third Air Force headquarters said today.

The American globemaster disappeared on Good Friday on a flight from the United States to England.

The objects are the same color as life rafts carried by U. S. aircraft on overwater flights. Individual life rafts—known as Mae Wests—worn by passengers on such flights also are yellow to aid in spotting from the air.

Weather in the area was moderate, with clouds at 2,500 feet and a 15 to 20 mile wind.

See Other Debris

Air Force headquarters said the yellow objects and "some long boards" were spotted approximately 35 miles southeast of the position at which a charred duffie bag belonging to one of the plane's passengers was picked up by a ship Saturday night.

The bag has been the only trace so far of the missing transport.

The pilot of an American air force rescue plane—one of more than 100 scouring the Atlantic area—first reported seeing the objects at 3:30 p.m. (10:30 a.m. EST) yesterday.

About two hours later, air force headquarters here said, another plane reported "debris" in the same location.

Surface ships were ordered to the area but no further information has been received here.

New Motor Oil Passes Road Test

Approximately 100 Sunoco service station dealers from the Gettysburg, Hanover, Chambersburg, Hagerstown, Waynesboro, York area and Sun Oil company employees attended a dinner meeting recently at the Hotel Gettysburg at which they previewed the introduction of Sun Oil company's new dynamite motor oil.

The dealers and employees were given details of the Quebec-Key West road test of Sun's new motor oil, a new premium type, heavy duty, detergent oil, which was conducted and supervised by the American Automobile Association. As a result of the test, the AAA certified new dynamite for mileage, engine cleanliness, and minimum engine wear, and gave Sun permission to use the triple-A insignia on the package, in ads, and on display material for the new motor oil.

Couple Weds In Winchester Monday

Miss Rebecca Cortez Gerald, eldest daughter of Mr. and Mrs. Charles C. Gerald, Gettysburg R. 1, and Arnold James Beamer, only son of Mrs. Elsie Beamer, 50 West Water street, and the late Edgar J. Beamer, were united in marriage in a ceremony performed Monday at 5 p.m. in the First Baptist church of Winchester, Va., by the Rev. E. T. Clark.

The bride was dressed in navy blue and wore a corsage of red roses. Members of the immediate families attended the couple.

The bride is a graduate of the high school at Rising Sun, Md., and last year attended Gettysburg college. Mr. Beamer was graduated from Gettysburg high school in 1950. Both are now employed in Harrisburg, he with the Pennsylvania Railroad and she at the Patriot-News office.

Sergeant Jeffcoat Is Promoted In Korea

Sgt. James R. Jeffcoat, 32, brother of Miss Ruth Jeffcoat, 281 South Washington street, was recently promoted to Sergeant First Class while fighting with the Second Division in Korea.

Sfc. Jeffcoat, a member of the 23rd Infantry Regiment, enlisted in the army in December, 1947. Prior to joining the division at Fort Lewis, Washington, last July he was on occupation duty in the Far East. He holds the Combat Infantry Badge.

Wear, United States district attorney, under a little known and rarely enforced portion of the Internal Revenue law which requires reporting of payments made to other persons of all amounts of more than \$600 on which federal taxes are not withheld.

Harrisburg, March 28 (AP) — Dr. Theodore A. Distler, Lancaster, today was elected chairman of the newly created state council of civil defense.

Washington, March 28 (AP) — Defense Mobilizer Charles E. Wilson told Senators today that "by 1952 we will, if necessary, be able to fight an all-out war from the production lines and at the same time supply more goods for the civilian economy."

Washington, March 28 (AP) — Joseph E. Casey refused today to tell investigating senators who were his partners in a war surplus ships deal that brought him \$250,000 profit on a \$20,000 investment.

Casey declined to give a Senate Banking committee the names of fellow officers and directors in the American Overseas Tanker corporation—the company formed to handle the ships deal. He contended the committee, created to investigate charges of political influence by RFC lending, had no authority to go into the ships matter.

Offer Sign Language At Local Seminary

Instruction in the sign language is now being given to Gettysburg Lutheran Theological seminary students to prepare them for pastoral ministry to the deaf. It is elective. Eighteen students selected the course which began Tuesday.

Mr. and Mrs. Arthur Cook had with them at their home at Aspers over the Easter week-end their son-in-law and daughter, Mr. and Mrs. Raymond Bogner, Jr., and son, Terry, of Harrisburg, and their son, Roy Cook, who is employed as a mechanical engineer by the West Pennsylvania Power company, at its plant at Milesburg, Pa.

The Locust Grove two-room school house at Aspers was sold at public sale Saturday afternoon to Robert Walter, of Center Mills, for \$3,175.

Roland Heiges has resumed his studies at the Stevens Trade school, Lancaster, after spending the Easter recess with his parents, Mr. and Mrs. Harold Heiges, of Biglerville.

Miss Justine Lawver has resumed her teaching at Maytown after spending the Easter week-end at the home of her parents, Mr. and Mrs. Roy Lawver, Biglerville.

Mr. and Mrs. J. Henry Donahar and son, Denny, and daughter, Susan, Biglerville, visited Mrs. Donahar's parents, Mr. and Mrs. J. A. Sweet, Everett, over the week-end.

Miss Kathleen Starnier, Bendersville, has accepted a position as operator at the Biglerville Telephone exchange.

Mr. and Mrs. Roland Lawver have rented the property on South Main street, Biglerville, which Mrs. Sara Minter purchased some time ago from Mrs. F. Walter Wright. They expect to move here from Lewistown in the near future. Mr. Lawver will be employed in York.

Mrs. Chester J. Tyson, Gardner R. D., left today to attend the annual Baltimore Yearly Meeting of the Religious Society of Friends.

Mr. and Mrs. E. W. Wright, Gardner, were guests of Mr. and Mrs. Otis Dittenhafer, Carlisle, on Easter. The birthdays of Mrs. Wright, and of Mr. Dittenhafer, who are twins, were celebrated as was the birthday of Mrs. Evelyn Arena, Washington, D. C., a daughter of Mr. and Mrs. Dittenhafer. Mr. and Mrs. Herman Bender, Sr., Carlisle, also attended the Easter-birthday celebration. Mrs. Bender is a sister of Mrs. Wright and Mr. Dittenhafer.

Retailers

and within an hour they had left town. However, we learned that if they register with the police, these groups can sell, but cannot make a nuisance of themselves. I think we should continue a study of the matter."

Bender also reported that during the month, at the request of the Pennsylvania Retailers association, the local group sent a telegram to Governor Fine protesting a proposed sales tax. The governor's answer, thanking the merchants for their interest, was read. "The answer could mean anything, but the fact is that there was no sales tax listed in the governor's message, so it would appear that the influence by the petitions of the various merchants organizations, I feel sure that if one of us had written by himself it would have meant little; but writing as an organization gives a protest more effect."

Seek Contributions

President Bender reported that contributions of \$5 or more are sought from each member of the organization. "Rather than have dues we thought it would be better to make the amount \$5 or more. Some can pay more toward the association and we will appreciate it." Most of those present paid at the end of the meeting.

Rapid establishment of interest groups is urged by President Bender. The interest groups include clothing, hardware, automobile, etc. Bender said, "the shoe stores, men's clothing stores, women's clothing stores and others under the heading of clothing have problems and interests which do not affect the service stations, garages and similar establishments. So each should have a committee to discuss their own problems. In that way many problems can be solved, which should not come before the general meetings of the group because there are enough general problems for all of us to discuss and consider without going down into problems affecting, possibly, only one group."

The sub-committees are to draw up lists of holidays on which they will be closed and report that to the general group so that a calendar can be prepared for the coming year.

such as library activities, the penny art fund, and the fact that the school of home economics at State College came into being through the efforts of the state federation. In explaining the interpretation of the word "power" as it applies to the federation, Dr. Schaal said that the aim is not for "power over" but "power for the best interests of all, power to educate, to heal and to help, not only in material way, but spiritual as well." She concluded her remarks by urging those present "to go forth with humility, courage and wisdom in the work that they can do."

Mr. R. S. Saby, Gettysburg, president of the Adams County Federation, was chairman in charge of the meeting. The invitation was offered by Mrs. Anna B. Leach, who also entertained with a humorous reading. The address of welcome was given by Mrs. Leonard L. Potter, president of the Woman's club of Littlestown and vicinity, and the response was by Mrs. Edmund W. Thomas, president of the Woman's Club of Gettysburg. Mrs. George Elcheberger, vice-president of the South Central district which comprises twelve counties, and Mrs. Joseph Spangler, president of the Franklin County Federation of Women's Clubs, spoke briefly. Mrs. Spangler invited members of the local group to attend the Franklin federation meeting on Wednesday, April 25, at Fort Loudon.

Mrs. Paul Koenig, past president of the state federation and chairman of the 1951 convention committee, outlined the program for the convention, which will be held in York on April 30, May 1 and 2. The program will feature many outstanding speakers, including a representative of the Celanese corporation, with samples of materials; the president of the Junior clubs from the Philippine Islands; a C. B. S. news commentator from Washington, D. C., and members of the faculty of Pennsylvania State College. The banquet will be held on Monday evening at the Yorktowne hotel. Musical talent from the hostess city will also be featured on the program.

Mrs. Saby spoke briefly concerning the accomplishments of the Adams county federation, chief among them the Juvenile Court fund, which is available to the Adams county court at all times, to be used at the discretion of Judge W. C. Sheely for juveniles, and the financial assistance given the Adams County Free Library association. Mrs. Saby introduced Mrs. Charles W. Welkert, who was chairman in charge of arrangements for the evening's program, and other members of the executive board of the county federation.

Mrs. Maurice Rider was song leader for the group singing and Miss Louise Duttera was piano accompanist. The tables were attractively decorated with bouquets of snapdragons and lighted candles. Each of the guests at the speakers table was presented with a corsage by the committee in charge.

KENTUCKY WINS 3RD NCAA TITLE IN FOUR YEARS

Minneapolis, March 28 (AP) — Ever start your car up a long hill only to have it stop half way to the top because it ran out of gas?

That's also a description of Lew Hitch, Kansas State center, last night in the NCAA title-deciding game which Kentucky won, 68 to 58, with a rousing last half rally.

For the first half Hitch, a mere six foot seven inch center, made seven foot Bill Spivey, his Kentucky rival, look almost inexperienced.

Then came the second half. Spivey kept right on going. Hitch all but stopped. And when Spivey took command of the rebounding, Kentucky wiped out a two-point half-time deficit to saunter to its third NCAA title in four years.

Hitch snagged nine rebounds during the entire game but only one came in the second half. Spivey split his 21 rebounds almost down the middle with 12 coming after the intermission, which found Kansas State ahead 29 to 27.

Wins With Sophs
The big fellow's efforts brought a successful close to the second year of Coach Adolph Rupp's current three-year plan. He started almost from scratch some 17 months ago with a band of sophomores and incidental upper classmen. His aim was to win the 1952 NCAA crown and a possible trip to the 1952 Olympics.

But he has the big title a year early. Nine of the ten men on the squad return next season. Only exception is Roger Layne, third string center.

Kentucky, replacing City College of New York in the NCAA top spot, was rated the No. 1 team in the Associated Press basketball poll.

In a foul-marked consolation game, Illinois defeated Oklahoma A&M 61 to 46. Fifty persons were called, 31 on the Aggies.

Training Camp Briefs

(By The Associated Press)
Clearwater, Fla., March 28 (AP) — Jackie Mayo, one of four men optioned to Baltimore by the Philadelphia Phillies, was farmed out so that he can play regularly, Manager Eddie Sawyer says.

The outfielder and three pitchers, Ken Trinkle, Steve Ridzik and Andy Hansen, were sent to the International league club yesterday.

The Phils were defeated 7-6 by the Cincinnati Reds yesterday. The National league champs play the Boston Braves here today and go to Bradenton tomorrow for their last spring exhibition crack at the Braves.

West Palm Beach, Fla., March 28 (AP) — The Philadelphia Athletics play Brooklyn at Miami again today in the fifth and last spring exhibition game between the two teams. Hank Wyse and rookie Morris Martin, drafted from St. Paul, are Manager Jimmy Dykes' choices to try for the A's second victory over the Dodgers.

The 13 inning 10-9 fray the Mackmen lost to the Brooks yesterday was their eighth setback in 14 chances against major league competition.

San Bernardino, Calif., March 28 (AP) — Reports indicate that Ralph Kiner may take over the duties of Marty Marion, St. Louis Cardinals manager, as National league player representative.

If Kiner is chosen he still would like to retain his job as Pirate spokesman. Pitcher Cliff Chambers is the Buc alternate.

Tucson, Ariz., March 28 (AP) — Roberto Avila, the Cleveland Indians' little second baseman, has the biggest exhibition batting average on the team.

Bob hiked his mark to .522 yesterday by collecting four singles for as many runs as Cleveland trounced the St. Louis Browns, 17-7. That gave him 24 hits in 46 times at bat. Avila wasn't the only member of the Tribe's "kid infield" to hog hits yesterday. Shortstop Ray Boone got five for five, including a homer, two doubles and two singles.

Third baseman Al Rosen drove in six runs with a homer, double and single, and first baseman Luke Easter, in action for the first time since he hurt an elbow three weeks ago, socked three singles.

Miami, Fla., March 28 (AP) — Bruce Edwards could be one of the most valuable players on the Brooklyn Dodgers this summer. He's that necessary catching insurance in case Roy Campanella is injured.

Campanella, the club's No. 1 backstop, fractured his right thumb yesterday while the Dodgers were shading the Philadelphia Athletics, 10-9, in 13 innings. He will be out a week.

Edwards filled in for Campy, and did turn in a fine job.

Phoenix, Ariz., March 28 (AP) — Mickey Mantel, the New York Yankees' super-sensational rookie prospect, doesn't think he's quite ready for the big leagues, even if everybody else does.

"I'm not a big league fielder," he explains, "and I hope I'm sent to Kansas City."

Mantel has been the talk of the Yankees' camp, and his hitting and running have caught the fancy of

Sports Roundup

By HUGH FULLERTON, JR.

New York, March 28 (AP)—Just

50 years ago this spring, a tall husky rookie, fresh out of college, stepped onto the pitching mound for the New York Giants. . . . Christy Mathewson wasn't 21 years old then. He had been a football and baseball star at Bucknell university and had undergone a couple of summers of minor league seasoning, but he still was regarded as a raw, untried "busher." . . . If a present day manager could find one prospect like Matty today, he'd probably spend the rest of his life congratulating himself—and winning pennants. . . . For Matty went on to become one of baseball's all-time greats, a guy whose name still is mentioned in reverent tones. . . . He won 373 major league games, 37 in the 1908 season. He had three consecutive years in which he won 30 games or more. . . . His fast ball was breathtaking, his curve one of the best and his "fadeaway," ancestor of the screwball, was a mysterious pitch that kept fans talking by the hour. . . . And above all he was a man whose integrity and judgment were respected by older players even when he was a rookie.

PERSONAL TOUCH

This writer never saw Mathewson pitch, but we recall walking through Times Square on an early visit to New York and seeing Dad wave and yell a "Hi" to a big, handsome fellow driving past in a big handsome car with its top down. . . . Later he explained it was "Big Six," who had just returned from Saranac where he had been fighting an illness brought on by gas during the first world war. . . . Seeing him provided a thrill that never was repeated; it was like seeing William S. Hart or Teddy Roosevelt in person.

MATTY AND MR. MAC

Although the Giants thought enough of Matty to trade Amos Rusie for him in 1901 after giving him a brief trial and letting him slip away, it wasn't until John McGraw became manager of the Giants that Matty came into his own. . . . He had won 29 and lost 14 games under George Davis in 1901 and wasn't doing any better for Davis and Horace Fogel in 1902. He was playing first base with indifferent success when McGraw took over late in the season. . . . McGraw, quick to recognize ability, rebuilt his team around Mathewson. . . . It was a good choice. Matty won 30 games that season; he took the league strike-out title five times in the next seven years and his control became so good that he averaged only about one walk a game. . . . The Giants jumped from eighth place to second in 1903, won pennants the next two years and took three more pennants before Matty's career ended. . . . Mathewson's greatest feat probably took place in the 1905 World Series, when he shut out the Athletics three times.

3 ADDITIONAL CCNY PLAYERS FACE CHARGES

New York, March 28 (AP) — The fall from glory of the CCNY basketball team is complete.

Exactly one year ago City college was acclaimed as the first "grand slam" champion in history. But today all its first string players have been engulfed by the series of betting scandals.

Irwin Dambrot, Norm Mager and Herb Cohen were the latest arrested by District Attorney Frank Hogan. After more than eight hours of questioning, Hogan announced last night that the trio had admitted shaving the point spread or trying to shave the point spread in three games in Madison Square Garden last season.

Hogan said the games were against Southern Methodist on Dec. 8, 1949; UCLA on Dec. 27, 1949, and Niagara on Feb. 16, 1950.

Last month Ed Roman, Ed Warner, Al Roth and Floyd Layne, all CCNY regulars this season, admitted they had helped fix other games.

Dambrot, last year's CCNY captain, and Mager were particularly outstanding in last season's NCAA title game against Bradley. It was Dambrot's pass to Mager, who scored in the last 30 seconds, that gave CCNY a 71-68 victory.

Dambrot was picked as the most valuable player of the game and later, in a pre-season forecast for 1951 by CCNY Coach Nat Holman, received further praise.

Said Holman: "We lost a great player and we can't replace him. I mean Irwin Dambrot who is tops in my book."

Both Dambrot and Mager were many veteran baseball men.

St. Petersburg, Fla., March 28 (AP) — Ed Stanky, pepper pot second baseman of the New York Giants, hasn't lost the knack of getting on base.

The veteran infielder batted six times in yesterday's 10 to 4 victory over Washington — and he got on base five times; Stanky walked four times, batted a double, knocked in a run, stole a base, scored four runs and was a general nuisance to the entire Washington team.

SOWYERSVILLE FAVORED OVER ALLENTOWN 5

Harrisburg, March 28 (AP) — Farrell and Sowyersville are favorites to win tonight's regional finals and qualify for a shot at the PIAA Class A state basketball championship.

Farrell opposes Pittsburgh Westinghouse tonight at Sharon to determine the western representative while Sowyersville meets Allentown at Hershey for eastern honors.

Tonight's winners come together Saturday night at the Penn Palestra in Philadelphia for Pennsylvania's top schoolboy basketball prize. All three games start at 8 p.m.

Allentown and Westinghouse must find a way of stopping their opponents' high-scoring stars if they are to be upset by the favorites. Sowyersville is led by Joe Holup, a 6-5 push-up artist, who has been scoring at a 28-points-per-game clip. Farrell is paced by Julius McCoy, a 6-1½ jumping-jack who has racked up 430 points in 25 games.

While the records favor Farrell and Sowyersville, victories by Westinghouse and Allentown could hardly be counted as upsets. Farrell posts a 26-2 record against Westinghouse's 19 victories and two losses. Sowyersville has won 21 of 24 games and Allentown 19 of 24.

Mt. Joy Beaten

Meanwhile, Fredonia of Mercer county won the PIAA Class C state championship last night while Kutztown and Avalon qualified for Friday night's Class B state title game.

Fredonia defeated Mt. Joy of Lancaster county 49-43 in the first Class C state title game ever held. The Vocals, who had repeated as western regional champions, were led by their 6-5 center Charles Craig, who scored 27 points. Fredonia led all the way before 2,000 fans at Lebanon high school.

Kutztown's Cougars made it 23 games in a row by defeating McAdoo 45-41 in the Class B eastern final at Allentown. Avalon's Panthers, WPIAL Class B champs, won western honors at Farrell by handing Mercer a 51-42 defeat—its first of the season. Mercer had won 25 games in a row and was the final all-winning PIAA quintet to fall.

Kutztown will defend its Class B state title Friday night at the Pitt pavilion in Pittsburgh against Avalon.

Kutztown pulled away from a 19-19 tie at half time in its victory over McAdoo, the first Class B state champion in 1945. McAdoo had won its last 13 games in a row.

Avalon, which succeeded Irwin as western Class B titlist, had an easier time with the previous invincible Mustangs. The Panthers led all the way in racking up their 24th victory in 27 starts this season.

Pack Scoring Punch
The Eastern Class A battle should be a high-scoring affair. Both Allentown and Sowyersville have scored over 100 points in a single game.

Allentown's Canaries will hope that their Eddie Cahn and Bill Snyder, both just over the six-foot mark, can out-score the automatic Holup who tallied 71 points himself in one Sowyersville victory.

Westinghouse will risk its 17-game winning streak against the Steelers and will try to avenge a 45-43 loss to Farrell early in the season. The Bulldogs, repeating as Pittsburgh city champions, build their offense around Ed Fleming, their 6-5 sharpshooting center.

Westinghouse eliminated Sharpesville (District 10) in its only inter-district game while Farrell turned aside both Somerset (District 5) and Johnstown (District 6).

Allentown defeated Radnor, District 1 champion, in its only inter-district game while Sowyersville downed Bloomsburg (District 2) and Chambersburg (District 3).

Westinghouse advanced to the western finals last year before bowing to State Champion Homestead, which had eliminated Farrell in the district 7 finals. Sowyersville lost to Homestead in the state title game after posting a 59-39 victory over Allentown in the eastern semifinals.

graduated last June, but Cohen, regarded as a substitute, played on this year's team along with Roman, Warner, Roth and Layne.

The arrest of Dambrot, Mager and Cohen, each released in \$1,000 bail, brought to 17 the number of players from CCNY, Long Island, Manhattan and NYU involved in the spreading scandal. A total of 20 Garden games now are listed as having been fixed either by "dumping" or shaving the point spread for the benefit of gamblers in the know.

Hogan said the three worked with Roman and Roth in the SMU, UCLA and Niagara games and said an unidentified fixer agreed to pay Roth, Roman, Mager and Dambrot each \$1,000 per game and \$500 to Cohen.

Hogan said the fixer, whose name is known to the authorities, but who has not previously been implicated, tried to have the players fix some of the games in the NIT tourney last year, but all refused.

Sports Notables At Collins Rites

Boston, March 28 (AP) — Notables of the sports, civic and political world today attended the funeral of Edward Trowbridge (Eddie) Collins, 63, Red Sox vice president and member of baseball's famed \$100,000 infield.

Two teammates on that noted Philadelphia Athletics' combination, first baseman John (Stuffy) McInnis, now Harvard baseball coach, and shortstop Jack Barry, baseball coach at Holy Cross, were among the bearers. Collins, a member of the diamond game's Hall of Fame, was second baseman on that great team.

Will Harridge, American league president, owner Tom Yawkey of the Red Sox and Joseph and Frank Stevens, ball park and race track concessionaires, also were bearers.

Collins died last Sunday night of a recurrent heart ailment after being admitted to a hospital March 10.

16 HORSES BURN

Trenton, N. J., March 28 (AP)—Sixteen valuable trotting horses burned to death yesterday in a fire that destroyed a large frame and concrete barn at the Trenton State Fair grounds. Charles Miller, a 58-year-old horse handler from Spring City, (Chester county) Pa., was seriously injured. He suffered severe burns and was trampled by a frightened horse he tried to lead out of the blazing barn.

The following provisional committee was announced: Mrs. Albert Woomer, Mrs. Lillian Riddemoser,

Today's Talk

By GEORGE MATTHEW ADAMS

WHY, DADDY?

WHAT SELLS A BOOK?

All publishers have a theory as to what contributes most to the selling of a book. It is nearly always commercial in nature. Charles Darwin once stated that it was "being talked about" that did the trick, and certainly a great deal of talk went on concerning his great book "Origin of Species," yet it was sometime before a second edition came out!

Samuel Butler said he wrote for posterity and not for the immediate few. He felt that posterity was more appreciative, more understanding, and took more time to give an accurate appraisal, so he addressed his ideas to the many that would follow him.

Recently we have had an example of the idea of a writer being talked about in P. Scott Fitzgerald. A fictionalized book, "The Disenchanted" was recently published and has been a first seller for some time. LIFE magazine had an interesting summing up of Fitzgerald's life, and a biography has recently appeared. This all has caused a mad revival of interest which promises to sell more of this writer's books than when they were first published. By no other standard, however, can his books be judged than by their merit — and all had this to a marked degree.

Books with a heart and soul to them never die. Few bought the poetic books of Edgar Allan Poe in his lifetime. Endless have been their sales since he died. It has been the same with great numbers of other writers. The thing that sells a book — eventually, if not when first published, is what is in the book itself. There are deathless books. These are the ones that we go to again and again, for comfort or inspiration.

It would be interesting to know exactly the proportion of those who buy a first edition, or first seller, of a book who actually read it and tell their friends about it. It is interesting to note how soon a first seller leaves the top place as soon as the advertising of it drops. There was little advertising given over to that beautiful little book by Michael Fairless, her "Roadmender," yet I understand that since its publication in 1903 over half a million copies have been sold — because it had the substance of life to it!

Tomorrow Mr. Adams will talk on the subject: "To Be Misunderstood."

ANNUAL MEETING

At every annual meeting, when the records have been read, The president, or some one, tells of tasks that lie ahead. "We are proud of our achievement," they are told who sit it through. "We exceeded last year's quota, but there still is more to do!"

"We've given out the prizes and the bonuses are paid, But we won't succeed tomorrow with the record we have made. There's a harder goal before us," (Oh, so oft I've heard the speech!) "And starting with the morning we must work that goal to reach."

That's the way it goes, young fellow. It's a truth you ought to know. Beyond what's been accomplished always farther you must go. The past is closed forever. When the annual meeting's done They will ask you to do better through the year that's just begun. (Copyright, 1951, Edgar A. Guest)

GIRL SCOUTS PLAN FOR CAMP

Mrs. Romayne Pittenturf, chairman of the Adams County Girl Scout training committee, and Mrs. Ivan Taylor, chairman of the program committee, were the guest speakers at a special meeting of the Littlestown Girl Scout Troop committee members and leaders, on Monday evening, at the engine house. Mrs. Pittenturf and Mrs. Taylor spoke to the group about the work of the Girl Scouts, and about Camp Edith Macy.

Mrs. J. Ralph Reaver, president, presided over the meeting. Plans were discussed for Camp Little, the summer day camp. The tentative date was set for the week of June 18. Mrs. Carroll E. Arter will be the camp leader this year. A letter was read from Miss Marian T. Tupper, confirming her resignation as executive director of the Adams County Girl Scout Council, which became effective on March 16. The local troops were invited to participate in the Memorial Day parade in town, on Sunday, May 27, at 2:30 p.m. The members of the local troops continue to take orders for candy. The sales thus far have been "quite satisfactory," leaders said. The Brownie troop under the leadership of Mrs. Leonard Kerschner made St. Patrick's Day favors for the patients at the Warner hospital, Gettysburg.

The next regular meeting of the troop committee members will be held Monday, April 23, at the engine house. Those present on Monday evening were: President, Mrs. Reaver, Mrs. LeRoy Helwig, Mrs. Charles Rabenstein, Mrs. Norman J. Hahn, Mrs. Alvin Groft, Mrs. Carroll E. Arter, Mrs. John C. Forry, Mrs. Carl H. Baumgardner, Mrs. William H. Marshman and Mrs. Robert H. Thomas.

Fluid Drive!

NEW DODGE
"Job-Rated" TRUCKS

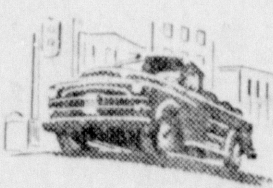

The trucks that do the most for you!

Makes driving
extra easy!

You get smooth-as-silk performance with Fluid Drive—exclusive Dodge feature available on 1½, 3½, and 1-ton models. This proved fluid coupling between engine and clutch eliminates jerky starts, helps prevent stalling. Loaf along in high, slow down in traffic, speed up again—all without touching the gearshift or clutch!

More
convenience
on hills!

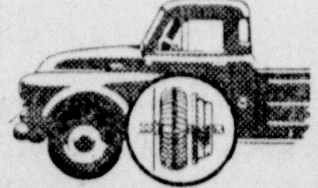

Fluid Drive lets you stop on an upgrade and hold your Dodge "Job-Rated" truck in gear, simply by slightly speeding up the engine. And on a downgrade, Fluid Drive gives you effective engine braking. Under all driving conditions, Fluid Drive is easier on both driver and truck.

New safety on
slippery roads!

With Fluid Drive, there's less wheel-spinning, less tendency to skid on wet or icy pavements. You can start in higher gear, apply power gradually and get away smoothly and safely. Traction is applied more efficiently. With less wheel-spinning, tires last longer, too—another money-saving advantage of Fluid Drive!

Lengthens
truck life!

The "cushioned" power of Fluid Drive saves wear and tear on over 80 vital parts—including clutch, transmission, rear axle. This insures longer truck life—lowers your upkeep costs. And trade-in value stays high! Ask us for interesting booklet on g/yrol Fluid Drive.

Better load
protection!

Fluid Drive assures extra-smooth starts . . . protects your load. There's less chance for cargo to shift—less chance of breakage or other damage.

WHAT "JOB-RATED" MEANS TO YOU

A Dodge "Job-Rated" truck is engineered at the factory to fit a particular job . . . save you money . . . last longer.

Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load over the roads you travel and at the speeds you require.

Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires and body—is engineered right to provide the strength and capacity needed.

Every unit that MOVES the load—engine, clutch, transmission, propeller shaft and rear axle—is engineered right to meet a particular operating condition.

Ceiling On Steaks Expected In April

Washington, March 28 (AP) — Fixing of dollars and cents ceiling prices on steak and pork chops by mid-April is the target at which government price experts aimed today.

Frankly acknowledging the meat price and supply situation is their No. 1 problem, Office of Price Stabilization experts are working feverishly on a solution.

Both Economic Stabilizer Eric Johnston and Price Director Michael V. Disalle have said the ceilings will be ordered as soon as possible. But they haven't given any indication as to the probable date.

One OPS meat expert said, however, he didn't think he was being too optimistic in making the mid-April forecast.

HE CAN DUCK IT

Los Angeles, March 28 (AP)—Charles E. Stine stands a good chance of ducking his draft call. Born during the Civil War, Stine is 88. Draft officials said yesterday they didn't know how his name got on the selective service list.

Both the sea horse and the chameleon can move one eye without moving the other, and they can move both eyes in opposite directions.

Advice of Her Mother-In-Law Proves Helpful

Mrs. W. O. Jones

There are a lot of jokes about mothers-in-law; in fact, comedians just can't seem to perform without making some reference to them. But there are many, many wonderful mothers-in-law in this old world who have the best interest of their sons-in-law and daughters-in-law at heart. Mrs. W. O. Jones, 7244 N. Bell St., Chicago, Ill., can certainly agree to that for when Mrs. Jones wasn't feeling well, her mother-in-law recommended HADACOL. And HADACOL seemed to be just what Mrs. Jones needed, and HADACOL may bring you the relief you are seeking if you are weak and run-down due to lack of Vitamins B, B₁₂, Niacin and Iron.

Here is what Mrs. Jones says: "I am a housewife and mother of three children. I had been feeling very run-down, would tire so easily, and just felt listless. My mother-in-law suggested I take HADACOL, as she had heard of it through friends of hers. I just took it for a few days, when I noticed I was feeling stronger and seemed to have more energy. I continued taking HADACOL and it has certainly built up my strength. I am no longer run-down, don't tire nearly as much. I am on my sixth large bottle of HADACOL, and intend to continue taking it."

HADACOL can help you if you suffer such deficiencies. Ask your druggist for HADACOL today. Only HADACOL gives you that "Wonderful HADACOL feeling."

Littlestown

LITTLESTOWN
ROTARY MEETS

Donald Z. Mann, Littlestown, salesman for the Cambridge Rubber company, gave a classification talk at the regular meeting of the Littlestown Rotary club in the banquet hall of Schott's hotel Tuesday evening. Mr. Mann was introduced by Howard A. Stoner, chairman of the classification and membership committee, in charge of the program for the evening.

Jack Mackley, a senior at the Littlestown Junior-senior high school, spoke briefly. He was the boy of the month for the club and was sponsored by his uncle, Rotarian Cloy I. Crouse. Luther D. Snyder reported on the initiation program, which he and Paul E. King of the local club conducted last week at the meeting of the West Shore club. Charles E. Rutter requested that Rotarians planning to attend the district conference to be held in York, on Sunday, Monday and Tuesday, April 1, 2 and 3, turn in their registration cards. Visiting Rotarians on Tuesday evening were J. Floyd Slaybaugh, Adams county superintendent of schools, Gettysburg, and Rev. Dr. Nevin A. Smith, Hanover. Assisting Mr. Stoner were Luther W. Ritter, Lloyd E. Crouse, Charles W. Weikert and J.

Ray Reindollar.

The program for the meeting next Tuesday evening, at 6:15 o'clock, at Schott's hotel, will consist of a club assembly with reports from the club committees. The classification and membership committee will also be in charge of this meeting.

The regular meeting of the Littlestown Cub Scouts will be held Thursday evening, at 7 o'clock, in the basement of the Littlestown State bank building.

PLACE WASTE CANS

Eight waste cans have been placed at advantageous spots throughout the community, and are inscribed with "Help Keep Your Town Clean." The cans are the gift of the local Lions club. Clayton L. Evans was chairman of the committee from the club, in charge of purchasing the containers. The cans, which will be emptied by the borough and kept clean by the club, were placed at the Littlestown Junior-Senior high school, Littlestown grade school, three at the square, the post office, the Towne theater, and the Littlestown news stand.

Revival services are being conducted every night throughout this week at 7:15 o'clock at the Regent theatre, West King street, in charge of R. R. Kunkel, evangelist. Illustrated songs will be featured on Friday, Saturday and Sunday evenings, with Betty Cresswell and Muri Hurlburt directing the music.

The Women's Society of Christian Service of Centenary Methodist church, will sponsor a bake sale on Saturday morning, beginning at 9 o'clock, at Boyd's storeroom, East

King street. The Sunday school class of the church, taught by Mrs. Robert Crist, will hold an apron bazaar in connection with the sale. The ladies are requested to have their articles for sale, at the store-room prior to 9 o'clock.

The Rev. and Mrs. John C. Brumbach, and daughter, Audrey Ellen, Bangor, visited in Littlestown and vicinity on Monday and Tuesday. They were dinner and overnight guests at the home of Mr. and Mrs. Stanley R. Sell and family, near town, on Monday; and dinner guests at the home of Mr. and Mrs. Luther W. Ritter and family, East King street, on Tuesday. Miss Brumbach spent the two days with Mr. and Mrs. Ritter and family. The Rev. Mr. Brumbach, former pastor of Christ Evangelical and Reformed church, near town, for ten years, answered a call to St. John's church in Bangor, last November.

Control Orders
Ready On Foods

Washington, March 28 (AP)—The government was ready today to order a new system of price controls on about 60 per cent of the food in your grocery store.

After weeks of wrestling with problems involved, the Office of Price Stabilization (OPS) has completed two retail food orders and one wholesale food order. Issuance was expected late today.

The changeover will give the

American public some price roll-backs and some price increases within the next few weeks—and Price Director Michael V. DiSalle has predicted that the rollbacks will outnumber the increases.

The nation's approximately 500,000 grocery stores will be ordered not to exceed certain "mark-up" percentages on about 40 categories of foods. The orders are expected to cover canned goods, baby foods, coffee, sugar, salt, butter, packaged cheese, cookies and crackers, breakfast cereals, shortening, flour, flavorings,

peanut butter, jams and jellies, and many other items.

They are not expected to cover bread, milk, eggs, fresh meat, fresh fruits, or fresh vegetables.

Persec is an astronomical unit of measure nineteen billion miles long.

SIX MILES WEST OF YORK ON THE LINCOLN HIGHWAY

BOY SUGGESTS MONEY-SAVING POSTAL CHANGE

Washington, March 28 (AP)—An eight-year-old down in Mobile, Ala., has brought about a money-saving change in the stamping of air mail.

He is Gregg Buckalaw, P.O. box 1378, Mobile.

He recently wrote to Postmaster General Jesse M. Donaldson suggesting that the "via" be dropped from the phrase "via air mail" which post offices everywhere rubber-stamp on items for plane delivery. "Via" is Latin for "by way of."

Donaldson has advised Gregg that his suggestion is good and is being promptly adopted.

The youngster wrote, with an accompanying illustration:

"You can save a lot of money by doing this. You can save by taking the via off the air mail letters. You can save almost a third of rubber and it is a critical war material besides."

"Yours truly,
"Gregg Buckalaw (8)."

Service For People

The postmaster general replied:

"The postal service belongs to all the people and serves all the people and one of the reasons why the Post Office Department can give so much service for so little is that people like you are interested and take time to write letters to me, suggesting ways for improving the service and reducing expenses."

"I am issuing instructions that hereafter all rubber stamps purchased by the Post Office Department for endorsing letters and parcels to be sent by air will read "air mail," omitting the word "via," which after all is entirely unnecessary."

Sincerely yours

"Jesse M. Donaldson."

Donaldson made no estimate of how much money will be saved.

TO PROBE TAXES OF RACKETEERS

Washington, March 28 (AP)—The Treasury advised Senate crime investigators Tuesday it is setting up a special fraud section to check on the income tax returns of gamblers and racketeers.

Secretary Snyder sent to the committee a pledge of a continuing drive to bring "chiselers to justice." His statement was presented by Edward Foley, under secretary of the Treasury.

Snyder said there has not been and will not be any letup in the Internal Revenue Bureau's warfare "against major league criminals." He noted it was the income tax men who bagged the late Scarface Al Capone, Chicago gang overlord of the prohibition era.

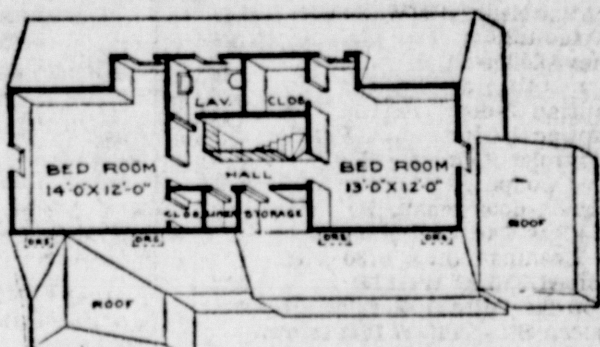

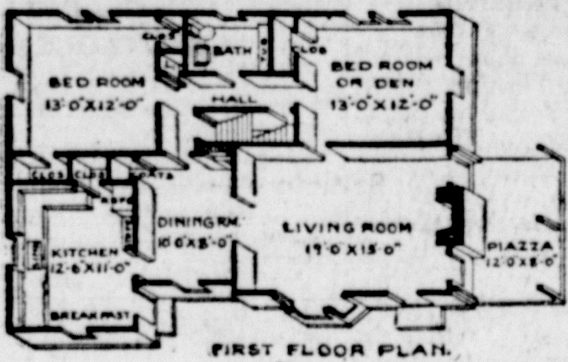

George J. Schoeneman, commissioner of Internal Revenue, followed up Snyder's statement with testimony that his agents are now investigating nearly 2,500 tax cases "in the criminal area."

Foley, Schoeneman and other Treasury officers testified at what was billed as the crime probes last televised hearing before the scheduled windup of their investigation at the end of this week.

Several odds and ends are to be dealt with before the windup. Chairman Kefauver (D-Tenn.) said the group will decide on Friday what further action to take against three defiant witnesses who are already under \$10,000 bond each for contempt. The three are Morris Kleinman and Louis Rothkopf, both of Cleveland, described by the committee as top rank gamblers, and Jacob (Greasy Thumb) Guzik, Chicago Capone gangster. All refused to answer the committee's questions about underworld activities.

Niagara Falls, N. Y., March 28 (AP)—Bell Aircraft Corp. announced today it will build a \$3,000,000 helicopter engineering and manufacturing plant in Fort Worth, Texas. Lawrence D. Bell, president of the firm, said that all helicopter activities will be transferred to Texas, probably within a year, but emphasized that the company's defense orders insure expanding operations in this area.

News Of Interest To Home Builders---

Rooms seven
Bedrooms four
Closets ten
Cubage 21,000 ft.
Dimensions 40' x 25'

Attractively designed and conveniently laid out, it has seven rooms including four bedrooms, nine closets, a storage space, and a built-in china closet and built-in drawers. It is expandable because the second floor can be finished at will.

The Shirley measures 40 by 25 feet, has a cubic footage of 21,000 feet. There is an 8-foot wide porch. A 60-foot lot is required.

Entrances At Front

Entrances to the living room and the kitchen are both at the front of the house. The bedrooms are located at the back of the house, away from street noises.

The Shirley is compactly designed with living room, dining room, kitchen, two bedrooms and bath on the first floor. The second floor, with its two bedrooms and lavatory, can be finished at a later date.

The exterior side walls are covered with clapboards, in keeping with the modest Cape Cod style. A touch of the unusual is presented by the bay window in the living room at the right. The gable projection at the left shelters the kitchen door. Shutters at all the windows and at the front door add immeasurably to the appearance of the house. The outside wall fireplace gives a look of solidity and "lived-in-ness" to the Shirley. A shed dormer across the back of the house makes possible the window in the bathroom and additional windows in the upstairs bedrooms. To provide even more floor space, the ends of the dormer can be extended as desired.

Entering the front door you find yourself in the large 19 by 13 feet living room. The fireplace, on the outside wall is flanked by a window on the right and by a door at the left. The door opens on the 12 by 8-foot piazza. Another door in the back wall opens into the back bedroom or den. An archway at the left connects with the dining room.

Three Windows

The three windows in the bay, the glass paneled front door, and the window and door by the fireplace provide plenty of light and cross ventilation for the living room which has ample wall space for large pieces of furniture.

The dining room, 10 by 8 feet, is lighted by a window overlooking an herb garden, near the kitchen door. A door in the back wall, leading to the L-shaped hall, is flanked by a built-in china closet and a coat closet.

A swinging door leads to the 12 foot 6 inch by 11 foot kitchen. The stove and refrigerator are on the right of the swinging door; the door to the outside is in the right wall near the breakfast nook.

A breakfast set is placed beneath the front window and the side and back wall are occupied by the L-shaped work counter with cupboards above and below. The sink is in the center beneath the side window. A closet, large enough to hold brooms and an assortment of cleaning equipment is in the middle of the back inside wall.

Stairs To Hall

The hall off the dining room leads to the two bedrooms and the bathroom. The stairs to the second floor are in this hallway just outside the dining room and the door to the cellar stairs is at the opposite end of the hall.

A linen closet is in the hall just outside the left bedroom. This

bedroom, 13 by 12 feet, has two closets, one on the back inside wall, and another larger one on the front inside wall. The further bedroom, or den, also 13 by 12 feet, has one large closet on the inside wall. Both rooms are well lighted and ventilated by double windows at the back and side windows.

Because complete living quarters are provided on the first floor, you need not finish the second floor until required. But when you do you'll approve the compactness.

Lots of storage space is provided on the second floor which also contains two bedrooms and a lavatory.

The master bedroom, located at the left, measures 14 by 12 feet, and has a large closet in the front inside wall. The second room, 13 by 12, has a huge walk-in closet on the back inside wall. Both rooms have a window on the back and one on the side for cross-ventilation. Both rooms also have two sets of handy built-in drawers on the front wall.

A large storage space and deep linen closet are placed side by side in the hall.

The heating system should be placed in the full cellar beneath the living room. The laundry would best be located beneath the kitchen or bathroom and the rest of the space is yours to partition as you wish.

(Complete plans and specifications for the Shirley and other houses in this series are available at moderate cost. To ascertain the exact price of these documents, write to the Home Building Editor, Dept. 18, The Gettysburg Times, and enclose a self-addressed envelope bearing a 3-cent stamp. At least one week should be allowed for a reply.)

Front Hall Shows Hostess' Hospitality

A properly furnished entrance hall reflects the hospitality of the hostess and her taste in decorating her house. It is, of course, a formal room, not really lived in, but it shouldn't be neglected.

There should be a closet in the hall where wraps may be placed, a flat surface where packages, letters, gloves and the like may be laid, and if there's room, add a chair, too.

Even if the hall is small, one chair and small table with a mirror hung

Adequate Military Power "In Sight"

Washington, March 28 (AP)—Mobilization Director Charles E. Wilson said Tuesday the country has "in sight" the military power to deter any aggressor.

Wilson also told a news conference the inflationary spiral has been "moderated." But he said the government may have to "put on the brakes a little harder."

"We still have the internal enemy of inflation that we must lick if we are to win the whole fight."

Wilson indicated his office of Defense Mobilization will seek further power to curb prices, including revision of the defense production

act's restrictions on price ceilings for farm products.

Check This List On Buying House

If the bride and groom decide to solve their "where to live" problem by buying a house here is a check list that will be useful in making their purchase.

1. Is it a neighborhood where you want to live for many years?
2. Is the price one that will not be too heavy a burden to pay?
3. Is it of good construction? It is wise to have an expert to answer this question for you.
4. Is it an architectural style which is not faddy and in bad taste?
5. Is it a house that can expand when your family grows?
6. Is it convenient to transportation to the husband's work, shops, school, etc.
7. Are the heating system, water supply, and lighting adequate?
8. Is the garbage disposal system provided?

over it usually may be judiciously arranged. If it is larger, use a larger chair, or two chairs, and a larger table. Fresh flowers brighten a hall, as they do any room.

Floor coverings should be those that are easy to clean, for, of course, the hall gets the heaviest traffic. Linoleum is one popular choice.

What's
Fire Insurance
Got To Do
With Susan's
Strawberry
Sundae?

More than you'd ever think! Fire insurance protected the truck farmer who grew the strawberries... the dairyman who supplied the cream... even the druggist at whose fountain she is eating.

Susan's strawberry sundae, in fact, sums up fire insurance at work and illustrates how it pays off for you and other Americans in many unsuspected ways.

For fire insurance gives protection and stability to the nation's agriculture, business, and industry. It provides immediate cash to rebuild when fire destroys. It protects free business competition—an American fundamental that has made and will keep our country strong.

Your fire insurance rate per \$100 protection is as much as 30% lower today than it was 30 years ago. Write for booklet giving the facts and telling other advantages of stock company fire insurance.

How much is it
WORTH?

You can't put a real price tag on telephone service. Who can say what it's worth when it brings a doctor quickly? Can you set a price on the pleasure of hearing a loved one's voice from many miles away? How would you value the countless minutes and steps it saves in everyday living? Whatever the telephone is worth, its cost is small for the many services it performs every day for everyone.
